

## 00SCV200 – Bronze Swing Check Valves

### Description

Sold individually

Swing check valves are designed to prevent back flow in plumbing and liquid piping systems, while offering full flow performance with minimum turbulence or pressure loss.

A positive seating disc allows flow only in one direction and a screw-in cap provides easy access for periodic cleaning.

Horizontal or vertical use

Rated to 200 PSI

Can be used for water, oil and gas

Temperature range -20°F to 150°F
