

## H/A-7-REC-104L-LT – Hose Assemblies – Receiver Probe

### Description

The receiver hose assembly consists of an 8 foot section of 7" wire reinforced hose, two 7" split clamps, one 7" male and female coupling, two 7" O-rings and one 7" female split to 8" flange tailpiece (Optional). It provides a flexible but noncollapsible hose connection between the probe receiver and the fuel riser. Please specify with or without tailpiece when ordering. Hose is built in accordance with MIL-DTL-24565.
