

Sludge Remover Bacteria

Description

This all-natural formulation contains beneficial bacteria that is ideal for treating bottom sludge.

These dissolvable pellets contain no harsh chemicals and are formulated with 100% natural ingredients. Our blend of 7 different bacteria species is made to compensate for all of the varying environmental conditions the product will face in different ponds.

**We recommend using 2-4 lbs. per surface acre every 2-4 weeks. For initial dosages or problem ponds, the dosage can be doubled.*
